## REPORT OF SCHOOL BOARD

---

The parents and citizens who have kept in close touch with all the schools for the past year, will agree with us they average with other town schools of their size.

The teachers and parents need to co-operate in order that the schools will be successful, which in most of the schools, the teachers and parents did with gratifying results.

The parents should use their influence and authority to have them attend school regularly. It is not only discouraging to the teacher but also for the pupils, as they lose interest in their studies.

We see the need of district supervision and hope before long all will realize the benefits to be derived from it. It means for one thing, advancement in our schools and that seems to be what we are striving for; that our children may have as good an education as we can secure for them. With a few exceptions we secured experienced teachers who gave pleasing results. Their work was evidence of faithfulness.

Miss Kimball, a well-known teacher in our schools, is giving great satisfaction at Kezer, where her conscientious work is meeting with good results.

It was not decided about having music taught in the schools at our last school meeting, so we decided to have Mrs. Gale instruct the children in their musical course as the children take a great interest in this study. According to the school laws we will ask the town for \$700.00 besides the school money required by law for defraying school expenses for the coming year.

Thanking you all for your cordial support,

JEANNETTE B. MORRILL,

*Chairman of School Board,*

# ROLL PERFECT ATTENDANCE
